## 1 lac operations

**1 lac operations**

With a guarantee of 100,000 operations, assuming an average switch is operated 10 times a day, this product is dependable for 27 years.

1 lac operations

Finger-proof terminals for IP 20 protection against accidental contact

# Mylinc™
# A touch of little genius

**Mylinc™ is a complete range of modular wiring accessories. Switches and sockets designed and made in India, keeping everyone's requirements in mind. Whether it's safety, reliability, convenience or beauty; Mylinc™ offers it all.**

## INSTALLATION IN 5 EASY STEPS

Mylinc™ installation on the metal flush box.

Click the switch mechanism on the frame, with the top arrow indicating the right direction.

Install the switch frame assembly onto the flush mounting box.

Finally clip-on the aesthetically elegant plate for screwless appearance.

Ready to use the beautiful Mylinc™ Switch.

### Remote control switch for light and fan

- Can control 4 lights & 1 fan
- 10 different speed options for fan
- Night lamp on product panel with manual operation option for all functions

### TV/SAT/FM socket

- 3 in 1 socket for TV, SAT and FM
- 2 module unit with 3 inputs

### VSP – Voltage Surge protectors

- Protects electrical devices like laptops, computers, printers and other office equipments from voltage surge
- Blends very well with the modular range of wiring devices
- Convenient to fit only where it is required, close to the primary sockets

### Motor Starter

- For AC's / Geysers etc
- Complete protection against overload
- Aesthetically appealing Motor Starters

## Dimmer

- Creates the perfect ambience
- For the first time dims CFLs too
- Dims halogen lamps

## Fan regulator

- In-built safety capacitor that prevents from catching fire
- ISI marked fan regulator

## Skirting light

- Fitted into the walls at skirting level
- Provides a dim lighting
- Creates a path light during night
- Uses LEDs that saves energy

## Motion sensor

- Infrared detectors that detect human movements
- Programmed to automatically switch the device on and switch off when not in use, thus, saves energy

# ARTEOR™ __Wiring Devices/Home Automation Systems

**L'legrand®**

# ARTEOR™ _versatility and a global vision for any installation level
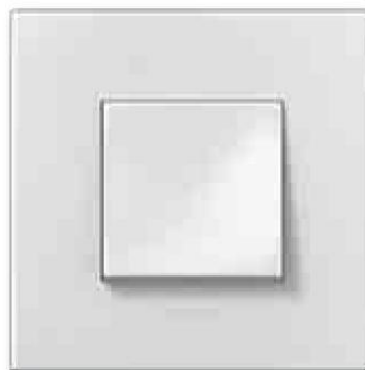

Arteor™ is the innovative answer to the increasingly complex requirements in the building business all over the world. Arteor™ excels by its unique aesthetics and a rich choice of innovative designs and ergonomical options.
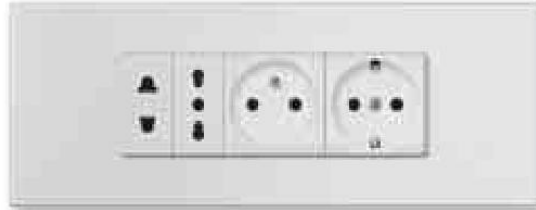

The range extends from wiring devices, through innovative radio automation solutions, up to fully networked home automation systems based on BUS technology, which can also be integrated into third party solutions.

**L legrand**

# _ARTEOR™: truly international

Euro/US, Italy, French and German standard

British Standard

Korea
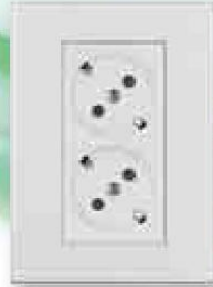

Euro/US/China

India
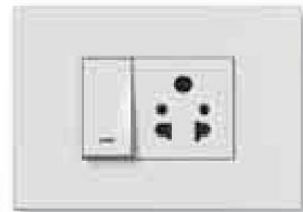

Arteor™ has been developed as
an authentic international concept.
This international approach enables
it to fulfil local market requirements
with specific solutions, designed to
match local installation habits.

# _Design for a global lifestyle

The timeless design of Arteor™ features clearly
hi-tech characteristics understandable anywhere
in the world. Minimalist and sober,
its carefully crafted design is inspired by the most
modern technological devices, such as flat screens
and digital photo frames, creating the impression
that the product is floating on the wall.

# _Design options for control functions

Arteor™ offers a wide choice of ergonomics and finishes to satisfy the most demanding customers. All stand-alone control functions are available in two shapes of rockers – round or square – and in two colours – white or magnesium.

Round rocker White
